

Photo and Video Competition

Prize pool of \$200!

Entries should be submitted by email to photos@physics.wm.edu with a title and caption by **11:59pm on Wednesday, October 15.**

Rules:

- Each person can only submit a **maximum of 3 photos and 3 videos**. Only one photo/video per person can win a prize, however.
- A valid submission includes the **photo file (for photos) or link to the youtube (for videos)**; the **name, email address, and mailing address** of the submitter; the **grade and school or institution** of the submitter (when applicable).
- A **title and caption of 250 words or less** should accompany each submission. The title and caption should describe the relevant physics.
- Photos should be submitted in the jpeg format at high resolution (with a file size limit of 5 Mb per photo). Photos can be black-and-white or color. Photos will be printed out in color and scaled to fit 8½" x 11" paper.
- For video submissions, do not send the actual file; instead, upload the clip on youtube.com and send us the link to it. Maximum duration of the video clip is 15 sec.
- All submissions will be judged on the quality of the photo and the accuracy of the physics in the caption that accompanies the photograph.
- Submitted photos and videos will be displayed at the PhysicsFest 2014, and can be used (with attribution) by the William & Mary Physics department in the future.
- Please direct questions to photos@physics.wm.edu.
