Attached is the flyer for our 2009 Summer Research Experiences for Undergraduates (REU) at the University of Alabama at Birmingham. Many, if not all of you may have already received the poster via mail or e-mail. But in case it somehow got lost in an array of e-mails, please take just a few moments distribute this message to your undergraduate students, fellow faculty members and anyone who has significant interactions with undergraduate students.

Both the National Science Foundation and the Alabama Space Grant Consortium sponsor this internship. Prior participants have expressed that the hands on research and interaction with faculty and grad students, was a life changing experience for them. It was right here at our program that many decided to pursue graduate degrees.

Among the greatest payoff, has been that we were able to recruit many of them into our graduate program and other programs on campus.

More details can be found at: <http://www.phy.uab.edu/reu/index.html>. For direct questions, please feel free to contact me (contact information below).

Research Experiences for Undergraduates (REU) May 18, 2009* through July 25, 2009 “Experimental and Computational Materials Research”

Opportunities for research in the following areas:

- Electronic Materials
- Biophysics & Biomaterials
- Nanomaterials
- Lasers & Optical Materials

- Planetary Materials
- High Pressure Materials Research
- Computational Materials Research
- Biosensors

For additional information:

Dr. Yogesh K. Vohra, Program Director
Charita Cadenhead, Program Coordinator
1300 University Blvd., CH 310
Birmingham, AL 35294-1170
Tel: (205) 975-8076
Fax: (205) 975-8009
mailto:charita@uab.edu

Support:

- \$3,700 for 10 week appointment
- * Additional Support for travel, housing and other expenses

**Application
Deadline
March 15, 2009**

**Made possible by a grant from the
Division of Materials Research,
National Science Foundation
(NSF) www.nsf.gov**

Apply online at: <http://www.phy.uab.edu/research/reu.htm>

*Participants check into dorms on Sunday, May 17, 2009

REU Program Participates in Campus-wide poster session, July 24, 2009
