---

Dear Undergraduate Chair/Coordinator,

I would be grateful if you would share the following message with your graduating seniors about the opportunities for PhD graduate study in Physics at Georgia Tech. Thanks

1. It is NOT too late to apply for Fall 2009
2. There is NO application fee for US Citizens.
2. New MRSEC Fellowships which pay a \$7500 supplement (each year for four years) IN ADDITION to our usual offer of a tuition waiver and a \$22,000 stipend for a Teaching Assistantship. See the "Information for Prospective Students" at the link below.
3. A brand new Center for Relativistic Astrophysics.
4. A brand new NSF center to study Epitaxial Graphene as a replacement for silicon.
4. The opportunity to begin research in the second semester of your first year.
5. The opportunity to work with world class physicists in Astrophysics, Condensed Matter Physics, Biophysics, Quantum Optics & Computing, Atomic Physics, Nonlinear Dynamics, Mathematical Physics, Gravity, & Computational Physics.
6. Check us out at [www.physics.gatech.edu](http://www.physics.gatech.edu).

Sincerely,

Andrew Zangwill  
Professor and Associate Chair for Graduate Affairs
