Physics Teacher (Vacancy Announcement)

A private, college-preparatory school in South Carolina is seeking a physics teacher to commence work in August 2009.

As presently configured, the teaching duties include physics, honors physics, and potentially (but not absolutely necessary) AP physics. Ideally, the selected candidate would also have the potential to teach a math class as well.

The successful candidate will be expected to participate in the full life of the school by coaching athletic teams or supervising extracurricular activities.

Location: Charleston, South Carolina

Work Begins: August 2009

Compensation: Highly competitive with local public schools.

Requirements: Bachelor's degree in physics or a related field. Excellent communication and leadership skills. Strong academic record. Teacher certification not required.

Application process: Interested candidates should apply to Southern Teachers Agency. The process consists of completing an STA application ([available online](#)), sending a credentials file, and having a telephone interview.
