Washington State University is pleased to announce its Research Experiences for Undergraduates (REU) program in Physics and Astronomy for the summer of 2009. The following web page contains more information and a link to the application form: <http://www.physics.wsu.edu/reu.htm>

Please forward this message to your undergraduates.

Many thanks, Sabreen Yamini Dodson

Research Experiences for Undergraduates

Washington State University
REU Physics Summer Program

Extreme Matter

June 1–August 7, 2009*

The REU program is supported by the National Science Foundation and the Air Force Office of Scientific Research. REU projects involve students in hands-on, world-class research projects.

Benefits include:

- \$6,000 stipend
- Course credit
- Health services
- Travel support

Research areas include:

- Physical Acoustics
- Materials and Optics
- High-Pressure Physics
- Chaos and Complexity

- On-campus housing
- Social and outdoor activities
- Recreation center membership
- Bose-Einstein Condensation

* Dates are flexible

Application deadline: February 27, 2009
