Dear College of William & Mary Career Services and Departmental Faculty,

I write in the hope that you will share with your students information about our participation in the College to Career (C2C) Job Fair that William & Mary students can take advantage of on February 25 in Richmond, VA.

If students are accepted as candidates, they are invited to participate in our spring job fair to be held on March 20th in Charlottesville, VA. If they are unable to take advantage of the C2C job fair, they can also just e-mail a resume and our online .pdf application to Teachers@SouthernTeachers.com.

Southern Teachers Agency is a placement service for teachers, coaches, administrators, etc., in PK-12 private/independent schools around the Mid-Atlantic and the South. Hundreds of schools list positions with STA each year so that we may help them find the best possible candidates for a wide variety of school jobs.

If you are able to forward this message to your students or post the attached flyer, we would greatly appreciate it. If you are unable to open the attachment, it is re-printed below.

Thanks for your help and consideration. I hope your spring semester is going well!

Gigi
