=====ANNOUNCEMENT=====

"Applications are now being accepted for the Summer 2008 "Lee Teng Undergraduate Internship in Accelerator Science and Engineering", sponsored jointly by Argonne National Laboratory, the Fermi National Accelerator Laboratory and the US Particle Accelerator School. The internship will provide a unique research opportunity to select students from US universities who are currently in their Junior year in physics, engineering, or computer science. Each intern will work closely with a mentor from one of the two laboratories on a project related to accelerator science and/or engineering. The ten week program includes a generous stipend, as well as travel and housing allowances. In addition, the program includes full tuition and travel expenses to the two week US Particle Accelerator School, which will be held at the University of Maryland. For more information and to apply, visit www.illinoisacceleratorinstitute.org
